Key Issues

Noticed in Hospitals

- Short Healthcare personnel
- Stock out of life saving drugs
- Improper maintenance of medical records
- Long pendency from TPA's / Corporate
- Loss of star doctor / team
- Issue of expired blood / medicine to patients
- Not maintaining adequate transparency with patients with regards to treatment provided
- Insufficient use of IT in daily operations
- Threat of information theft from external & internal sources
- Continuous dependence for drive revenue through MJPJAY / ECHS / CGHS & other similar Govt. Schemes
- Frequent changes in the project plan
- Lack of investment in research & development to identify opportunities for new speciality services
- Improper monitoring of cost & quality against the plan / budgets
- Lack of focus on medical programs & many more.
